Overview

Presentation

Ideal for retail, healthcare, and educational facilities, the wall rack offers an efficient solution for deploying server and networking equipment for edge computing applications. For areas with limited floor space. Designed to house your server, as well as network solutions such as network switches and patch panels. Rack hinges at the rear allowing for access to the back of the rack during installation and setup or while undergoing maintenance. The door is reversible allowing for the door to open direction desired to avoid interference with its surroundings. Optional 120V fan tray top-mounted and caster kit. Several APC Smart-UPS models low-profile provide easy UPS integration and mounting. 13U Wall mount cabinet, 19 inches maximum mounting depth, 200lb weight capacity, 19" rack width, ships fully assembled, glass door, 5 year APC warranty.
